

## Parent Permission for Video Coverage

This letter is being sent to you in compliance with the \_\_\_\_\_ District policy requiring parents/guardians to approve district videotaping of their child. In connection with the preschool programs in our school, opportunities may occur to videotape your child or your child may incidentally appear while videotaping another child. These videos are only for educational purposes within the district. If your child was incidentally shown in a video of another child; that segment of the video would only be viewed by school staff and not shown to the parent of the other child. Your child's visual image would not be reproduced on film, web site or video tape for public viewing.

The videos may be used for, but not limited to:

- Documentation of student progress
- Used for demonstration teaching for teachers and paraprofessionals
- Instructional tool for student skill building

---

---

***Unless this form is signed and returned to the school by \_\_\_\_\_, the district understands that you agree with the above stated policy for videotaping within the preschool program.***

I **do not agree** to have my child \_\_\_\_\_ videotaped for any reason.
